TurfSaw TS350

Número de artículo:

6213938

The TurfSaw TS350 cuts artificial turf with or without infill material.

A sliding shoe raises the turf and leads it to the hydraulic saw. Support rollers facilitate the handling. The speed of the hydraulic saw is adjustable from 500 - 1000 rpm thus allowing a cutting speed of 50 metres per minute. The TurfSaw TS350 can be operated with all available loaders by means of different adapters.
