## DOUBLE SMG EXHIBITION APPEARANCE IN NOVEMBER.

Autumn is slowly turning the leaves, but the year is far from over for SMG. We are represented at two trade fairs at the same time from 02.-03. November.

The SportInfra in Frankfurt is now being organized for the ninth time by the Landessportbund Hessen e.V. with the German Olympic Sports Confederation, the Federal Institute for Sports Science and the Sportland Hessen. The sports facility trade fair and specialist conference on the subject of "climate-neutral sports facilities" will be held in the sports school and educational facility of the State Sports Association of Hessen.

The Saltex in Birmingham is Europe's largest and free trade fair for lawn care and is celebrating its 76th anniversary this year. The leading trade fair for lawn management is designed for all professionals, suppliers and manufacturers of green spaces of all kinds.

We have summarized the most important information from both trade fairs for you here.
