

passion for sports grounds

REMINDER:

THE 2022 SEASON IS HARDLY OVER, THE NEXT SEASON IS ABOUT TO START.

Are your machines ready for new, demanding tasks on the construction site?

If you are not sure, we would like to recommend that you use our exclusive SMG machine service.

Our pre-scheduled service inspections make it easy to efficiently and thoroughly carry out any repairs needed to get the 2023 season off to a good start.

If you are interested in an appraisal of your machines, please send us current photos of the machine (with serial number) including a description of the error or a spare parts request.

The service life of our SMG machines is significantly increased by our service, which is why we recommend that you use it regularly before the start of the new season.

We currently have capacity available – just get in contact with our specialists from SMG for an appointment.

At the same time, we wish you a successful start to the 2023 season and lots of fun with your machines powered by SMG.

Your SMG team
