Free site tour and practical workshop on artificial turf maintenance at Stadia & Arena

Featuring live product demonstrations and expert advice in association with:

Although the support for and use of artificial turf is growing around the Asia Pacific region, there is still a lack of quality practical information available about what steps should be taken to properly maintain an artificial field.

To help with this, all attendees are invited to attend a live series of practical demonstrations at a local artificial field to learn everything they need to know about the different maintenance steps that should be followed to help ensure the optimum maintenance management program.

Our experts will showcase their market-leading TurfCare TCA1400, TurfKingTK1502 and TurfSoftTS2 TurfBoy maintenance machines and also discuss the practical steps needed to create a maintenance program to fit your own facility requirements.

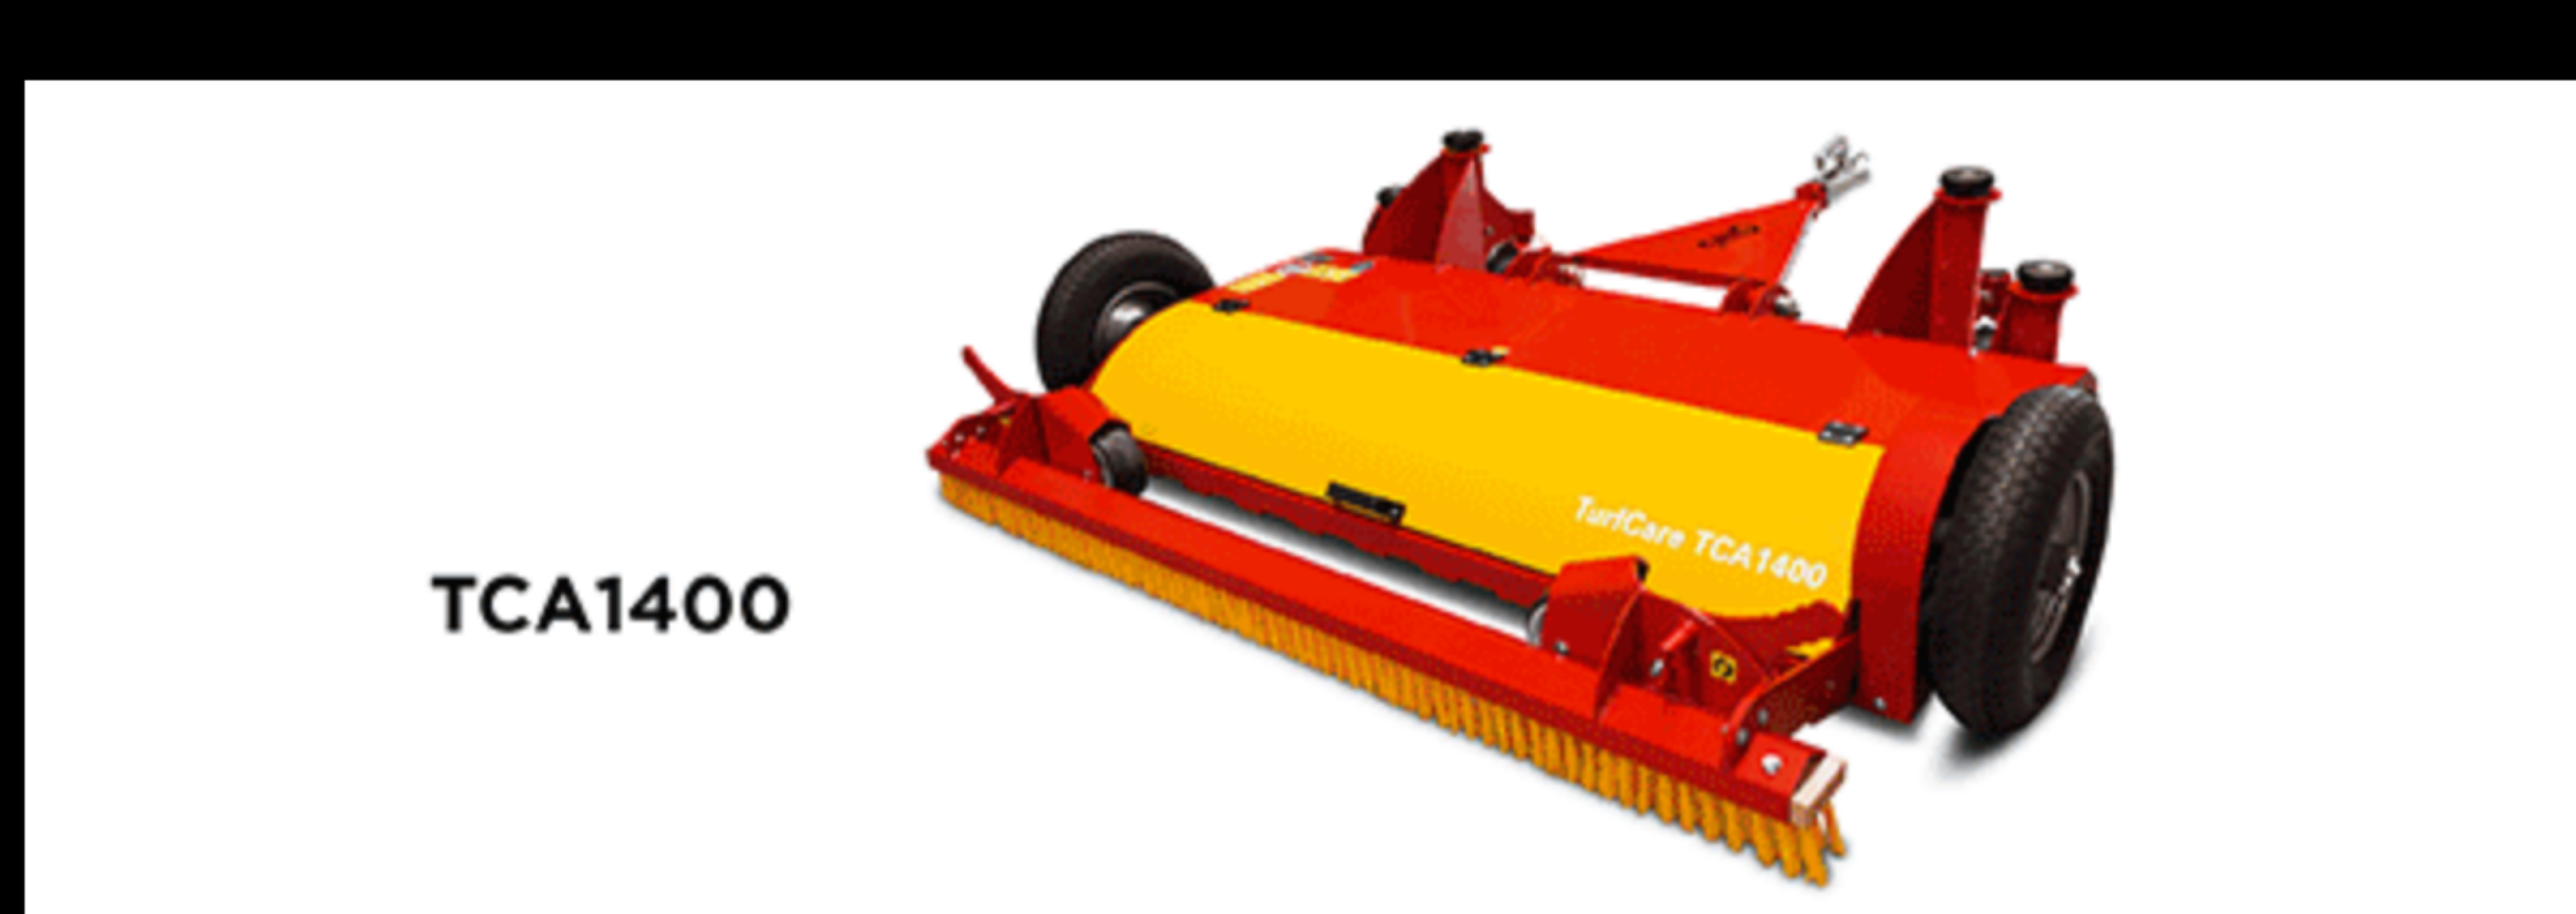

The tour takes place at VIVAIO Mini Soccer Park FUNABASHI, 618-1 Funabashi-shi Toyotomi-cho, 274-0053 Chiba – www.sportsite.jp/sc/vivaio-minisoccerpark/pro.html. Delegates are advised to depart the Makuhari Messe at 12.45 by taxi to get to the venue for 13.30.

The tour will take place on:
Thursday September 14th 13.30PM - 15:30PM
Departure Time 12.45PM

If you are interested in attending this site tour please contact:

Don't forget to visit SMG on Stand F06 at Stadia and Arena Asia Pacific 2017

This month's **Stadia & Arena Asia Pacific 2017** runs from **12-14 September** at the **Makuhari Messe Arena**. The event provides a powerful international platform for key decision-makers in the sports venue sector to network, discuss the latest hot topics in the industry and meet the leading architects and solution providers.

A full delegate pass offers:

- Entrance to all conference sessions featuring 70+ high calibre speakers. Two streams cover stadia design/build & major event planning/delivery AND venue management, fan engagement and technology in stadia.
- Access to all networking events including the welcome reception on day 1 and the main networking reception on day 2
- A ticket to attend all 3 venue tours – The Makuhari Messe, Fukuda Denshi Arena and ZOZO Marine Stadium.
- Your free site tour and practical workshop on artificial turf maintenance with SMG
- Access to over 50 global exhibiting organisations
- All food and drink on site
- A year's print subscription to *PanStadia & Arena Management* magazine.

PANSTADIA & ARENA MANAGEMENT

As one of our *PanStadia & Arena Management* subscribers, we are also offering you the chance to **save 50%** on a full delegate pass to the Stadia & Arena Asia Pacific conference and exhibition.
