### Securing values and getting them ready for the next season 2021

### Dear Customers,

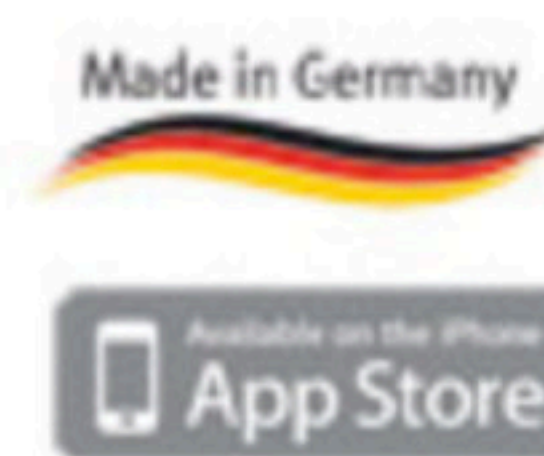

your SMG machines are definitely still in use to finish the last projects of this year. Nevertheless, we would like to draw your attention to our service, which guarantees that your SMG machines will start the next season in perfect shape.

Just send us few pictures of your SMG-machines. We will be happy to send you a detailed list of the recommended spare parts and working time. Depending on the workload of the service, we then decide whether the machine can be service by you or it comes to SMG for service.

This gives you the security of being able to work with your machines without headache in the coming season.

We wish you health, good luck and enjoy our machines!
