

passion for sports grounds

#### WINTER-SALE & SPECIAL PRICES

### Dear Customers,

**As always in winter time, we clear our warehouse and make space for our new production. Many customers are already waiting to get their bargain now, and you can also benefit from the clearing of our warehouse and the hot price promotion!**

The highlight is a as good as new PlanoMatic P227. The semi-automatic paver for paving athletic tracks and multi-purpose playing fields has a working width of 2.70 meters.

Our repair and service department has revised this modern classic with great attention to detail and made it almost new. As a "certified used machine", the P227 has been fully electrically tested and has a full 1 year guarantee. The machine is priced more than 20% below the list price - a great opportunity!

**So if you need to, grab it now before we start the new season. There are two good reasons for this occasion: At the end of the season, we also have some special offers for our new machines, hot deals and mega deals ready for you. Give us a call! On the other hand, you can still order our entire product range until December 17th at the old list price. From January 2021 we will have to adjust our prices.**
