MixMatic M2402D

MIXMATIC - MIXING

Batch mixer for binder, rubber granules and gravel.
Option: charging vat.

In comparison with the MixMatic M1202, extremely robust and large M2402 offers double mixing capacity and therefore is the rational solution for the instances when the quantity of mixed material needs to be increased to cover larger areas or to accomplish higher installation levels - for example, when installing medium to large sports or industrial surfaces.

The MixMatic M2402 is also characterized by the same positive characteristics as M1202 model: the low filling height and strong lifting hydraulics also in this dimension for easier loading and emptying, as well as for accelerated, intensive mixing of the material.

MixMatic M2402D / Detail views

MIXMATIC - MIXING

Safety

Hydraulically foldable supports for a safe position of the machine.

Process reliability

Large-capacity mixer container with hydraulic twin drive for the mixing tools.

Proven

The mixing container can be emptied any desired height up to 1,500 mm.

MIXMATIC - MIXING

Item number/s:	*6400123*
Drive	M2402D: diesel engine 16,1 kW (21,9 PS)
Electrical equipment	Compact control in a housing protected against spraying water; with switch for changing the direction of turn
Mixing capacity	300 kg/2 min
Mixer drive	Hydraulic aggregate with tank, pump, oil cooler, control valve, main control block, level indicator with thermometer. Pump and oil cooler driven by the motor via twin V-belts, tank capacity 45 litres.
Weight	1,100 kg
Dimensions	L 2,000 x W 1,590 x H 1,100 mm
Shipping dimensions	L 2,380 x W 1,900 x H 1,350 mm

Subject to technical changes
