TurfBoy TB2 Alko

TURFBOY - MAINTENANCE

Ride-on machine for the care of artificial turf.

TurfBoy TB2 is driven by a 1-cylinder 13 kW (17,7 HP) air-cooled petrol engine. The ground-driven rotary brush TurfScout TS700 eliminates suspended particles, abrasion and dirt particles from the top surfaces. Its working width is 700 mm. The vibrating screen can be precisely adjusted, with variable settings from 4 to 10 mm, depending and in accordance with the condition of the infill material. The now cleaned infill material will be dosed and returned to the system as well as the fibre will be put upright again. TurfBoy TB2 is equipped with a drag brush and a hitch to pull additional attachments like triangular brushes, magnets or the ground-driven Beltspreader BS800.

The working width of the drag brush can be extended by putting in additional brushes.

SMG dust filters installed by SMG comply with DIN EN60335-2-69/dust class "M" and EN779 "F8" or "F9". Dust with a high proportion of fines as well as granulate/fibre abrasion (microplastics) are extracted via the powerful turbine and bound in the filter.

TURFBOY - MAINTENANCE

BeltSpreader BS800

Item no. 6221306

Ground driven spreader for artificial turf.

Decompacting unit

Item no. 6239732

Tines for gently loosening of the infilling material.

Triangle brush DB1000F

Item no. 6235134

Light, robust and foldable Triangle brush DB1000F.

TURFBOY - MAINTENANCE

Triangle brush DB1600

Item no. 6211805

Triangle brush for artificial turf.

Triangle brush DB1600F

Item no. 6236543

Light, robust and foldable Triangle brush for artificial turf.

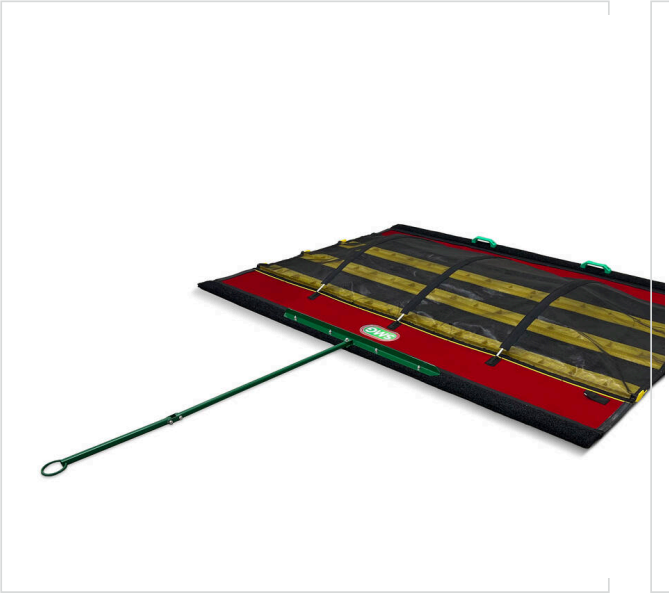

LeaveSweep LS900

Item no. 6240652

LeaveSweep with adjustable sieve from 4 – 10 mm to collect leaves and debris.

TurfBoy TB2 Alko / Detail views

TURFBOY - MAINTENANCE

LeaveSweep LS2400

Item no. 3208573

LeaveSweep to collect leaves and debris.

Magnet bar ML1500

Item no. 6220297

Magnet bar ML1500 for artificial turf maintenance.
L 1,500 mm x W 300 x H 300 mm

Rubber drag mat

Item no. 6400241

Rubber drag mat with steel frame for artificial turf maintenance.
L 1,500 x W 2,000 x H 70 mm
