TurfWinch TW2000

TURFWINCH - RECYCLING

Attachment for Up- and Unrolling of artificial turf.

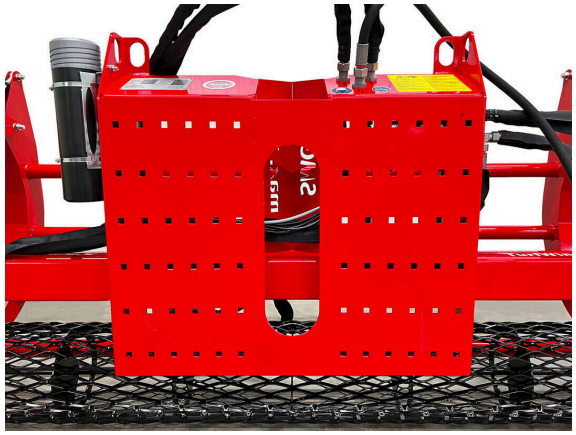

TurfWinch TW2000 winds artificial turf with or without infill material into transportable rolls. The maximum roll width is 2 metres. Height adjustable support rollers facilitate handling. The winding speed is adjustable and can be activated from the driver seat by the Hand-held steering. TurfWinch TW2000 can be operated through di□fferent adapters with all available loaders.

Requirements for using the TW2000:
Operation requires a loader or a tractor with at least 20 kW (27 HP) drive power and a oil capacity of 25 litre per minute. We recommend a continuously variable hydrostatic trans-mission drive or crawling gear.
