TurfWinchVario TWV

TURFWINCH - RECYCLING

Attachment for Up- and Unrolling of artificial turf.

TurfWinchVario TWV winds artificial turf with or without infill material into transportable rolls of either 2,000 mm, 3,000 mm or 4,000 mm, depending on the length of the selected winders. The winding speed is adjustable and can be activated from the driver seat by the Hand-held steering. TurfWinchVario can be operated through different adapters with all available loaders and tractors. Maximum lifting capacity is 2,000 kg.

Requirements for using the TurfWinchVario:
Operation requires a loader or a tractor with at least 20 kW (27 HP) drive power and a oil capacity of 25 liter per minute. We recommend a continuously variable hydrostatic transmission drive or crawling gear.
