

MixMatic M930S

RELEASE 2019

passion for sports grounds

Semi-Automatic compulsory mixer for coating mixtures, filler and glue.

The MixMatic M930S guarantees smooth operation for a homogeneous mix.

The pivoting mixing-head propels the material buckets in the opposite the direction of the mixing tools, which ensures a reliable mix.

The 3 mixing stations allow enough options to pre-mix material, to create a continuous workflow at the mixing station.

The mixing time is adjustable. The duallywheels ensure a easy transport and the support legs ensure a safe stand.

Art.-No. 6229785

Drive	0,75 kW / 3 Ph / 110 V / 50 - 60 Hz
Elektroausrüstung	Compact controller with timer
Leistung	6 gal./90 sec
Gewicht	195 kg
Abmessungen	L 1,000 x W 700 x H 1,400 mm
