

passion for sports grounds

Dear customers, dear ladies and gentlemen,

jokingly in Swabian there is a saying: "We have to stick together, unless someone comes into need". We see it differently, because we appreciate what we have in our great connections all over the world. With all contact restrictions and concerns, being close to the customer is often not easy, which is why the positive aspects should never be forgotten during this time:

This crisis releases enormous forces and innovation potential. And even if we are far away from each other – online conferences and home offices make it possible to be at least digitally close to our families, friends and business partners.

It showed us how comfortable we are with the blessings of modern times despite all our worries and fears. We think that this will also strengthen cohesion and willingness to help.

We thank you from the bottom of our hearts for your loyalty over the past twelve months and wish you, your family and all those close to you a Merry Christmas with a small group and a good start into the year 2022. Stay healthy and remember: We are always for You there and look forward to new joint projects!
