

passion for sports grounds

PRODUCT INFORMATION: SPORTCHAMP SERIES

THE SPORTCHAMP, THE ULTIMATE CARE AND CLEANING MACHINE FOR YOUR SPORTS FACILITIES.

From removing dirt and grime to disinfecting surfaces, this versatile machine can handle all of your maintenance needs.

With the SportChamp, you can keep your facility in top form - it's not for nothing that it has been our flagship for the advanced care of sports floors and artificial turf since 1996. With more than 2,500 units sold worldwide, we have declared the fight against microplastics and fine dust with our all-in-one solution.

Our success story to date:

- Maintenance of up to **500 millions qm of artificial turf**
- Cleaning of up to **250 tons of infill material**
- Removal of up to **100 tons of impurities** and **approx. 20 tons of fine dust**
- effective prevention of **hundreds of tons of rubber granules being discharged into the environment**

No other machine on the market combines these multifunctional properties as effectively and as easily as the top brand of all SMG care devices. And with over 19 attachments, there's no job the SportChamp can't handle - that's our guaranteed promise.

And because we are so proud of this success story, we have dedicated a new movie to our SportChamp. For those who are not completely convinced yet, here is the premiere exclusively for you:
