

passion for sports grounds

Introducing the TurfBoy TB1 ECO: An economic club version for schools, colleges, universities and clubs.

SMG unveils the TurfBoy TB1 ECO – the comfortable and handy ride-on machine is designed for decompacting and brushing artificial turf systems with ease.

SMG, renowned for pioneering innovations in sports surface maintenance, introduces the TurfBoy TB1 ECO, setting a new standard in artificial turf care. Engineered to perfection, this ride-on machine is equipped with cutting-edge features to ensure optimal performance on every turf system.

Powerful Performance

Driven by an 8.5 kW (11.56 HP) air-cooled petrol engine, the TurfBoy TB1 ECO delivers robust performance, making light work of decompacting and brushing artificial turf.

Versatile Functionality

The TB1 ECO features an adjustable row of tines with a working width of 1,100 mm, perfect for effectively decompacting the infill material and maintaining a high turf quality.

Precision Brushing

Equipped with triangular brushes boasting a working width of 2,000 mm, the TurfBoy TB1 ECO ensures thorough and efficient brushing of turf fibres, enhancing the appearance and performance of the playing surface.

Enhanced Attachment Options

With a hitch for various attachments, including triangular brushes, drag mats, magnet bars, and the BeltSpreader BS800, the TB1 ECO offers versatility to tackle diverse maintenance tasks with ease.

Experience Unmatched Efficiency

Whether you're a sports facility manager, groundskeeper, or turf maintenance professional, the TurfBoy TB1 ECO is your go-to solution for achieving pristine artificial turf surfaces. Trust SMG to deliver unmatched efficiency, reliability, and performance, ensuring the longevity and playability of your turf systems.

Elevate Your Turf Maintenance Standards with SMG

Join the ranks of satisfied customers worldwide who trust SMG for cutting-edge solutions in sports surface maintenance. Experience the difference with the TurfBoy TB1 ECO and unlock the full potential of your artificial turf systems..
