

passion for sports grounds

As a valued SMG customer, you now have exclusive access to the electronic SMG spare parts catalog at any time.

This electronic spare parts catalog offers you the opportunity to download operating instructions (BA), spare parts lists (ET) and instruction videos.

3D models are also available for the latest machines, which allow you to simply put individual parts in your shopping cart and order them quickly and easily at the touch of a button. Of course, you will only be shown the machines that you actually have in your fleet

And this is how it works:

- In order to use our customer data platform you need to register first.

[TO THE REGISTRATION](#)

- You will receive your personal access data after registration.
- Log in to the online spare parts catalog with your access data.

[TO THE CUSTOMER DATA PLATFORM](#)

Note:

Of course you can also access the customer data platform via our website. You can find the link in the navigation under Spare parts / Customer data platform.

Minimize downtime on the construction site and keep your SMG fleet in top condition at all times.

If you have any questions about operation or other problems, we will of course be happy to help you.

Your SMG team
